PROFESSIONAL SUMMARY

A fresh graduate Full Stack Developer skilled in React, Laravel, PHP, and JavaScript. Developed and deployed real-world projects, including a portfolio website with a Gemini AI chatbot. Gained hands-on QA experience during an internship.

WORK EXPERIENCE

Tinker Pro Technologies Inc.

July 04, 2025 – March 31, 2026

Quality Assurance Intern

Kinalumsan, 2F Elviro Cometa Bldg, Tiangue Rd, Lapu-Lapu

- Tested 2 web applications (POS systems for Restaurant and Retail) covering 100+ features and scenarios to ensure functionality, performance, and quality standards.
- Identified and reported 1,000+ bugs, collaborating with developers to resolve issues and improve software stability.
- Executed a complete end-to-end QA cycle across multiple releases, consistently meeting quality benchmarks and earning a Certificate of Completion recognizing the QA role performed during the internship.
